

# Charles Sturt University

**Thank you to Charles Sturt University for their commitment of \$50 000 research funds for the following activities in support of the *SEGRA* 2015 Challenge Winner's Project**

## **Research on Entrepreneurship Ecosystems**

Conduct a desktop review of regional business incubators, accelerators and entrepreneurship ecosystems in Australia, and a selection of urban examples.

Conduct 40 phone interviews of key stakeholders including managers of the programs, government officers responsible for regional economic development and other key stakeholders.

The phone interviews will involve a review up to three entrepreneurship ecosystems that are being established as part of the *SEGRA* challenge, to examine how ecosystem support has stimulated economic activity in regional areas.

## **Outputs**

A report on business incubators, accelerators and entrepreneurship ecosystems in regional Australia to be presented at the *SEGRA* Conference in Albany, WA in October.
